OUR PROCESS

01

Discovery Call

15 Minute Introduction and Discovery Call

- Your priorities and specific design challenges.
- The spaces or issues you'd like to focus on.
- Any initial ideas or preferences you have for the consultation
- Book in consult & confirm time allocated for consult

Session Focus & Prioritisation

Since our 2-hour consult is verbal, we recommend focusing on 2-3 spaces or specific issues you would like us to address as a priority. This allows us to dive deeper into each area and ensure you get the most out of your session. Whether it's improving the layout of your living room, styling your bedroom, or choosing the right colour scheme, focusing on key areas will maximise the value of our time together.

If you require assistance with your entire home or a more comprehensive consultation, we may suggest booking a longer session. Our extended consultation is available at \$90 per hour + GST. This option will need to be pre-discussed with us during your discovery call. This allows us to ensure we allocate the appropriate time and resources for your needs.

02

You are booked in for an expert KE Stylist to visit your property. You will receive a Welcome email with more information and a 'get to know you' questionnaire.

Our **Mood Board** service brings your design vision to life by visually combining colours, textures, furniture, and decor. It helps you see how all the elements work together before making decisions, ensuring a cohesive look for your space. Perfect for staying focused on your style goals and visualising your dream home before it's a reality!

- **Visual Clarity:** A mood board allows you to see how the various elements we discussed—such as colour schemes, textures, furniture pieces, and decor—work together in a cohesive way.
